ABOUT US

NATA CERTIFIED PRODUCTS

Supplier of NATA-certified hanging brackets, rod mounts and fire-resistant anti-static (FRAS) rubber products, designed to meet demanding mining requirements.

TRUSTED MINING SUPPLIER

A trusted direct supplier to leading mining operations, including BHP and Kestrel Resources Limited.

QUALITY YOU CAN RELY ON

We supply proven, high-quality mining consumables selected for their reliability, durability and performance in demanding operating environments.

TAILORED SUPPLY SOLUTIONS

We offer flexible and customised solutions to meet individual customer and site requirements, including product sourcing and specialised supply.

AUSTRALIA-WIDE SUPPLY

Supplying customers across all regions of Australia, with reliable service and efficient delivery from our warehouse to site.

REPUTABLE MANUFACTURING PARTNERS

We work closely with reputable and established manufacturers to source high-quality, reliable products that meet the demanding requirements of the mining industry.

TAILORED SOLUTIONS

AAA Mining Consumables partners with customers to develop customised solutions that meet their specific operational requirements. All of our products are customisable to suit customer requirements.

From product design and sample manufacturing to bulk importation, we deliver high-quality, cost-effective solutions tailored to your needs.

IN-HOUSE LOGISTICS

Our dedicated internal freight network allows us to streamline deliveries, reduce lead times, and provide reliable, direct-to-site transport, ensuring your products arrive safely and on schedule.

OUR CUSTOMERS

At AAA Mining Consumables, we understand that our success is built on the success of our customers. Every product we supply, every service we deliver, and every relationship we build is driven by a commitment to helping our customers operate safely, efficiently, and productively.

AAA Mining Consumables proudly supplies mining operations across every region of Australia, providing high quality products and dependable service with on time delivery.

As a trusted direct supplier to BHP and Kestrel Resources Limited, we provide efficient, reliable supply solutions by dispatching products directly from our warehouse to site, helping our customers minimise downtime and maintain productivity.
